## POPEYE.

Iconic Historic Speedway car. Originally built by Ron Roycroft and his mechanic, Harry Chatteris in 1945. Raced in hillclimbs and road events. Converted to Midget speedway racing in the late 40s. Raced very successfully at Western Springs and at Templeton Speedway. Was retired in the late 60s and given the right to wear #1 because of its history and the many championships it had won. Fully restored and a unique opportunity to own a piece of NZ racing history. The owner has his eye on another car and is in the mood to talk turkey.

Chicane Racewear are now the NZ distributor for the high quality Radial rod ends and spherical bearings. Previously distributed by BRM Trading, the USA made rod ends start with the chrome moly high strength precision series then move to the stainless steel high strength aerospace series, both with heavy duty shank options.

Contact us now on 0800 CHICANE or go to [www.racerodends.com](http://www.racerodends.com) for more info

A piece of advice from Malcolm Yardley. On these distributors the cover over the module can short out. Insulation should be fitted in the side cover. The terminals should also be insulated and possibly bent over. For further advice phone Malcolm 0274 315 170
